

Summary of Events 2020-2024

I started on 02/10/2020 working for Pasco County Public Works, Infrastructure, Road and Bridge as a Equipment Operator I.

I was promoted to Equipment Operator 2 on 03/13/2020.

A month later I was asked to go for a drug screen where I refused because a HR worker asked the doctor to leave the examination room and attempted to administer the observed drug test himself requesting inappropriate conduct

. I was placed on InActive status and awaiting a hearing regarding my termination where I would have the option to appeal or challenge the reason for my termination.

I found a neighbor on the android app "Next Door" who needed work done on her home to be sold on 10/12/2020.

Mrs. Kastine Marie Tuttle (homeowner) is a sister-in-law of a Pasco Sheriff Officer named Mike.

I worked on the house for 3 months with the promise of payment when the house sold. While awaiting my hearing so I could go back to work.

I collected unemployment to pay my bills.

When the house was sold in 03/2021 I was never paid

and instead had charges pressed against me from a complaint filed with the sheriff on 11/22/2020 at midnight.

The state picked up the charges after the woman Mrs. Kastine Marie Tuttle relocated permanently to Kentucky.

During this time after my work on the home was completed, but before the home was sold I was arrested for Domestic Battery on 12/09/2020

when I was not home and DCF removed my children from my residential custody.

I was released, 12/10/2020, less than 12 hours after DCF removed my children on bond.

I went to get my children and bring them home when I was threatened by a Pasco County Sheriff with charges of kidnapping if I took my children back.

I argued that there is no grounds for my children being removed as the Domestic Battery charges were false.

I was unable to retrieve my children.

All charges of Domestic Battery were dropped by the prosecutor in 02/2021.

Three months later I went to my first child custody hearing in 03/2021

where I was told to take classes to get my children back.

I had already done my research on how family law is handled and had in the last 3 months taken all classes through the DCF website for nationally approved classes.

I presented my class certifications when the judge told me he would not accept them and to do the classes again through Pasco County.

A few days later on 03/09/2021 I was arrested for Burglary, Fraud and Dealing in Stolen Property

on the same day my neighbors house (Kastine Marie Tuttle), that I had spent 3 months working on with no pay, sale was finalized and I was to receive my 5% of the sale price.

I did not receive any money,

instead I was arrested.

I bonded out and became under a States Attorney Investigation on 03/22/2021.

I was starved for employment and lost the house and all possessions.

My friends and family of 20 years all turned there backs on me because

"... trouble follows you Matt and we can't afford that kind of trouble."

Gangstalking / social-gorilla warfare tactics where deployed

and my co-defendant / mother of my 3 children and fiancée of 13 years

had a affair or sexual encounter with a Pasco Sheriff whom is the uncle of her first born child Elizabeth Rivera-Velez,

J. Velez (5954), the forensic investigator on my burglary, fraud and dealing in stolen property case.

A year later in 12/2021 I completely lost custody of my children

due to the fact I didn't complete all my classes for the second time threw Pasco County.

Whom made it impossible to fulfill my case plan.

Not to mention I was under investigation by the States Attorney Office the entire time I was fighting a custody battle.

Meaning that it was not hard for them to alter my social group (gangstalking)

Especially because I didn't have the funds to battle their efforts.

I had been there for my children every day of their lives and fully supported them financially.

My oldest son was 8.75 years old

when Pasco County Sheriff kidnapped them,

DCF held them for ransom

and Sixth Judicial Circuit human trafficked them to foster care.

Almost 2 years of trying to take the burglary case to trial

(still on bond) on 07/29/2022 I was shot at my legal residence in the drive way

inside a fenced in private property,

where the roadway dead ends into the private property,

by Stanley Dukett Jr. a felon with a gun

whom is the cousin of the Sheriff Officer, J. Velez (5954),

my co-defendant was having a affair / sexual encounter with.

I was bay-flighted to the hospital trauma unit

where I was arrested for Aggravated Assault

by Pasco County Sheriff Lead Detective Mike Toczylowski.

I stayed incarcerated for 1 year

trying to take both cases to trial

when I was informed by my 7 court appointed lawyer

From the 4th court appointed law office
(3rd judge to take my case)

that Pasco County will never allow me to go to trial

because I'm still a employee

awaiting my hearing for my termination

and media coverage would be bad.

I was informed that after 3 years, 1 being incarcerated,

I would have to take a plea deal

or be incarcerated indefinitely on 5 felony charges that are all false charges that I did not commit.

I take a plea deal on 04/12/2023 and pay \$6k to regain my freedom.

I contacted my lawyer and asked her to file a appeal

and she denied me in writing after explaining my time limit was up.

I wrote the judge to overturn the verdict and was denied.

In my community I am hated by all due to defamation of character while I was incarcerated.

For reasons unknown to myself but I'm harassed consistently and even refused service at local establishments.

I was even contacted by childhood friends from upstate New York that I haven't talked to in 20 years

just to notify me of how much of a piece of shit I am and i have no idea why.

During this whole time I am a Targeted Individual

and experience all the effects of what a targeted Individual feels and experiences.

I filed a Notice of Appeal for both cases on 07/17/2024

Accidentally filing one with the Sixth Judicial Circuit in Pasco County Florida
and the other with the Second District Court of Appeals.

Second District Court of Appeals was processed immediately on 07/17/2024
and I received a case number 2D2024-1649.

Pasco County Sixth Judicial Circuit has not filed anything I have given them in the last week.

I filed in person on 07/15/2024 with Pasco County Sixth Judicial Circuit for
case # 512021CF001143CFAXES and case # 512022CF003171CFAXES a

Demand for Discovery,

Affidavit of Indigent,

Certificate of Service,

Motion for Appointment of Counsel,

Motion for Post Conviction Relief Pursuant to Rule 3.850,

Designation of Email Address,

Motion for Post Conviction Relief

none of which have yet to be filed in either case log as of 07/19/2024.
