To Whom It May Concern,

I am writing in regard to a formal public records request that I submitted in the second quarter of 2024, concerning my criminal case and investigation. Despite repeated follow-ups and the payment of an amended invoice totaling \$111.28 in December 2024 at your Clearwater office (receipt information attached), I have yet to receive the requested documentation.

This delay is unacceptable, particularly given that I have already been convicted, served my sentence, and paid all fines and restitution related to the matter. I have

exhausted my appellate options, including a case number by the Florida Supreme Court, and returned to the Sixth Judicial Circuit Court for a second try at a Rule 3.850 post conviction relief yet, critical exculpatory evidence that I am legally entitled to has still not been provided that, I believe, should prove my innocence as the hired private investigators employed by my mother to oversee this Investigation for my safety does. Along with extreme forms of misconduct.

Your failure to fulfill this request constitutes a clear and willful violation of the Florida Public Records Act (Florida Statute 119), as well as the Brady Rule, which mandates the disclosure of potentially exculpatory evidence. Your office's prolonged inaction and obstruction has caused irreparable harm to me personally and professionally. I have lost nearly five years of my life, including the loss of my late fiancée and permanent custody of my three children.

Furthermore, I believe I have been systematically targeted, discriminated against, and persecuted based on my national origin as a hate crime of malicious prosecution or retaliation prosecution, as I am a native of Upstate New York. These actions, and your office's continued failure to uphold the law, rise to the level of civil rights violations under both federal and state statutes.

As such, I am providing this letter as a formal notice of my intent to initiate a lawsuit against the Florida State Attorney's Office in the Sixth Judicial Circuit Court and any other government departments or organizations (including military branches and personnel) involved.

- Violation of Florida Statute 119 (Public Records Act)
- Violation of Brady Disclosure Obligations
- Civil Rights Violations under 42 U.S.C. § 1983
- Discrimination and Persecution Based on National Origin
- Negligence and Gross Misconduct in Public Office
- Among other violations

Please be advised that if I do not receive all requested documentation in full within 15 business days of this letter, I will proceed with filing the necessary civil complaints in the appropriate state and federal courts.

Sincerely,

/s/ Matthew Aaron Davis
