Mr. Davis,

Thank you for your email. Absent another public records request, which Pasco County will obviously respond to pursuant to the Florida public records law, this will be the County's final response to your untimely request for reconsideration of your county employment which ended in May of 2020, over four and a half years ago.

Tara Swanson provided your termination document to you pursuant to your recent request. It has not been altered; however, if you believe there is a different version, I would like to see what you are referring to, since I am unsure of how that could happen. To recap, you were hired in February 2020, and although there was a position change in April of 2020, you were released off of your initial six (6) month county probationary period in May of 2020. A termination that occurs in the initial six (6) month probationary period is not subject to grievance or appeal, and is not subject to any further reconsideration.

You may certainly reach out to the Teamsters Union; however, they will not be able to assist you since you were still in your first six (6) months of employment and it has been over four (4) years since your employment ended.

Pasco County now considers this matter closed.

Thank you for your response. According to my records this document has been altered. The entire "Part II" section has been erased. Please send me a copy of original documents along with the documents stating the reason what the "probation violation" was and any other pertinent information involving my employment history with Pasco County Florida.

Furthermore, as you can see my title is "Equipment Operator II" because of a promotion I received on March 13, 2020. A probation violation, as per the "Collective Bargaining Agreement", states that I should not be terminated but instead demoted back to my previous title of "Equipment Operator I" if any violations where to occur while on a probationary period following a promotion.

As a former Pasco County First Responder I am confident in the counties due diligence in resolving this matter without legal action being necessary.

I will be awaiting your PROMPT response.
Thank you for your time and consideration.

Sincerely,

Matthew Aaron Davis

Dear Ms. McKay,

I hope this message finds you well. I am writing to follow up on the Professional Standards complaint I filed and to address several concerns regarding the outcome of the investigation.

It is perplexing to me how the investigation concluded without findings of misconduct, despite the fact that multiple law enforcement officers involved were demoted, relieved of their duties, or even incarcerated. This raises serious questions about the thoroughness and impartiality of the investigative process.

In light of the obvious conflict of interest in arrest number 21-007010 PCSO (Case No. 2021CF001143, Sixth Judicial Circuit) and the wrongful arrest in Case No. 22-026166 PCSO (Case No. 2022CF003171, Sixth Judicial Circuit), I am compelled to request a review of this investigation by the FBI. The actions taken in these cases indicate systemic issues that warrant federal oversight.

Additionally, pursuant to the Freedom of Information Act (FOIA), I formally request a full and unredacted copy of the investigation conducted in response to my Professional Standards complaint. Please include all related documents, communications, findings, and any disciplinary actions or internal memos relevant to this matter.

For your reference, my case details are as follows:

Incident Numbers: 21-007010 PCSO and 22-026166 PCSO

Court Cases: 2021CF001143 and 2022CF003171

Please let me know if additional documentation or identification is required to process this request. I kindly request acknowledgment of this email and an estimated timeline for the fulfillment of the FOIA request.

Thank you for your attention to this matter. I look forward to your prompt response.

I of the State Constitution. A person who has taken such an examination has the right to review his or her own completed examination.

Your Honorable Judge Gregory Groger

I'm writing you with a request to review case number 512022CF003171CFAXES and the alleged victims arrest affidavit at the time of the incident. I believe I have been wrongfully convicted due to the fact that the alleged victims where both wanted criminals in the process of breaking the law. Also due to the fact that I'm constantly denied access to the evidence video footage that convicted me. I would appreciate a complete review of the evidence and arrested affidavits for all persons involved in this case at the time of the incident as I believe it has broken my 6th Amendment right and has made a fool of our justice system and your courtroom. Thank you for your time I appreciate every moment of it.

Hello Michelle

I'm not sure if you remember me or not but you where my council on April 12, 2023. I accepted a plea bargain on 5 felonies and have been working on trying to get them overturned or reopened because I can prove my innocence, tangible documented proof. I understand I am passed the date of appeal so I'm going to file a habeas corpose with the federal courts. I know if I can get someone to look into these court proceedings the corruption is blatantly obvious. This is me just informing you. I don't know if you even need to be notified but I thought it best to just in case.

I know there is something big within my court cases that I have to pursue. I am continuously gangstalked, I am no longer able to see my children and my co-defendent/ex-wife has had her whole face broken and is now unrecognizable to myself and our children. Someone wants me gone and her "shut up".

I notified the police and was threatened by them for trying to report terrorists activity. I also had my 6th amendment right violated, they violated 28CFR23.20(K)... Among many other discrepancies.

I would like your help in finding justice. I understand if you refuse to, we all have a place we call home. I just thought you should know so your not blindsided. Thank you for your time.

I am sorry to hear about your situation and I wish things were different for you. Unfortunately, I am unable to help you any further. The court appointed me on April 5, 2023, and that appointment terminated on May 8, 2023, when you were sentenced and released from jail per plea agreement.

I am not licensed to practice in federal court and the issues you are facing go beyond the scope of my practice. I hope you can find the legal assistance that you need, but my representation has ended and there is nothing more I can do.

I know this is not the answer you are looking for, but I must be honest and upfront with you. I do not want to give you any false hopes or lead you to believe I can be of assistance to you.

I do wish you well and hope you will find a way to move forward with your life.

Sincerely,

Michelle

Mrs. Bui

The police slander my name, I was almost killed 8 times because of it. I lost custody of my children and literally everything I've ever had. My family was torn apart never to be whole again. Children are in foster care. I'm gangstalked (a long with my people who are very credible and willing to testify) , electronically harassed and have been being lynched for years now.

This all happen because of a case where in the depositions the defendent states that

"Matthew has done me no wrong and I will testify on his behalf if he goes to trial. "

Also a case of Agg assault where I was shot by a felon with a gun at my own residence.

You advised me to take a plea deal as being my best interest when I wanted to go to trial for 3 years and the 8 lawyers I had before you all know it. One lawyer Keith David Hammond stating to me that

"You will have to take a plea deal or you can sit in jail for 1, 5, 10 years it doesn't matter because Pasco County will never allow this case to go to trial."

You advised me also that a plea deal was in my best interest which I agree given the direct violation of my 6th Amendment by the County judicial system then again in writing by the Sheriff Department that I filed in the Agg Assault case post plea.

All of this happen while I was a employee of Pasco County #12403. On In-active status.

My whole family, 5 lives, destroyed because of the police slander. I'm pursuing justice and would like guidance or maybe a reference to someone who would take this case.

Best Regards,

Matthew A Davis

What would it cost me to employ you to overturn my guilty plea on 2 counts of aggravated assault and take it to trial. You where my counsel who got me the plea deal to get me out of jail on April 12 2023 for this case and 1 other for Burglary.

If you remember I was shot twice by a felon with a gun at my residence who fled the scene of the crime. I know "Castle Laws" and the fact he can't claim self defense while in commission of a crime will clear me if these charges and pay me for false imprisonment for 285 days (\$39,500)

I am currently a employee of Pasco County BOCC inactive status and have been for 3 years. Trying to find a job being a 5x violent felon has been almost impossible. I really need to get these charges off my record and obtain enough money to overturn the guilty plea on the Burglary case also being that my co-defendent/girlfriend was having relations with and related to the investigator during my investigation. Not to mention the Plaintiff agreed to testify on my behalf.

Thank you for your time,
Matthew A. Davis

Sorry, but this is not something I would be able to help you with. when entering a guilty plea, you waive your right to appeal all matters related to the judgment, including the issue of guilt or innocence, unless expressly reserved. And appeals have to be filed within 30 days.

I tried to file a appeal for the 2nd district court of appeals and I came across this document.

Please tell me what everyone seems to know and I don't. My last lawyer said to me that I would have to take a plea deal because Pasco County will never allow me to go to trial and they didn't after 3 years of trying to. I've asked you on 2 separate occasions to file this appeal and you have denied me even though it's your sworn duty to.

I believe there is something I need to know that would shed some light on this subject. Maybe because my ex brother in law works for the Secretary of State as a Sargent Major Dean Hills Jr. or that the forensic investigator J Velez (5954) is closely related to the mother of my children and co-defendent?

Greetings, Mr. Davis,

In response to your request about filing a Notice of Appeal, this would have had to have been done within 30 days after judgment (4/27/23). I do not believe I heard from you until August of 2023, per the below email.

Your below email was kindly worded and you asked to hire me to pursue some actions and I responded that I do not do that type of work. Regardless, it would have been too late to file the Notice of Appeal.

I am preparing for a capital murder trial that begins next week, so I will be focusing my attention on that matter.

I have attached electronic documents from your case in case you wish to review them.

Best to you,

Michelle

Dear Ms. Bui

Nice to speak to you again I hope this email finds you in good spirits. I was a client of your back in April of 2023 where I was incarcerated and signed guilt to 5 felony charges and paid close to \$6000 in restitution and fines.

First off I would like to state that you are the best lawyer I have ever had the pleasure of meeting or have seen at work in the court room and would like to hire you to represent me on the basis of wrongful arrest, false imprisonment and wrongful conviction that lead to our meeting each other.

I was arrested on July 29 2022 for 2 counts of aggravated assault after being shot at my residence by a 3 time felon and allegedly threatened the mother of my children. I believe I was falsely arrested on the basis of Stand your Ground law and the fact that one cannot claim self defense while in the commission of a crime with both alleged victims where.

I believe this arrest stems from a false arrest on March 9 2021 for burglary of a neighbor of mine who happen to be the sister inlaw of a pasco county sheriff that owed me \$14,600 at that time and obviously didn't want to pay me so pressed false charges against me.

The investigation that I was under during that time where the investigator, or a family member of his, was having sexual relations with the mother of my children whom at the time was my girlfriend and co defendant. Furthermore the investigator on that case is my girlfriends daughters uncle.

I attempted to bring this case to trial for one and a quarter year, but Pasco county kept switching my lawyer 7 times in total to keep me from going to trial. During this time I was harassed and even threatened by a cop to not take it to trial and take a plea deal or he would kill my children. I immediately informed the FBI at that time. When I attempted to file a motion to dismiss on the grounds of conflict of interest is when I was shot twice and arrested. I sat in jail for 10 months until we met and I felt as if I had to take the plea bargain or sit in jail for years.

My previous lawyer before you a Mr. David Hammond informed me while I was falsely incarcerated after being shot of having to "play ball" or I was going to have to sit in jail or prison for years to cover up Pasco county sheriff corrupt investigation.

In conclusion I need counsel that is not afraid to expose a large entity for their misconduct and help me to hold them accountable.

Thank you for your time

Matthew A. Davis

Does the fact that Stanley Dukett is a 3 time felon with a weapon on his person before I brandished the knife or that Christina Hills had multiple warrants out for her arrest before I brandished a knife make a difference or that i was at my home residence inside a useable gate on a fenced in yard and the only one not committing a crime with the legal reasoning to protect my assets doesn't change anything?

Unfortunately not— All of those factors go to the merits of the case the defenses that were available at the time of the plea, but given the plea negotiations that enabled you to get out of jail guaranteed and avoid prison, you chose to waive a trial and take the plea deal — given that even if you won that other case, you were facing possible prison on the other case where you paid restitution.

Mr. Davis,

As you know, I felt sympathy for you and the situation you experienced regarding your children and their mother, your length of incarceration pending trial, your injuries, and your loss of employment. When I got appointed to your case, you had been incarcerated for some time. I was appointed in error, because I was no longer taking cases in Dade city, but given your length of incarceration, multiple changes in attorneys, and hardly any movement on the case —I felt sympathetic, and didn't want to leave you with yet another change in counsel.

We spoke about setting your cases for trial versus working out a deal with the state for a time served disposition in lieu of potentially going to prison. We were concerned about these convictions affecting your future employment, but you said that you already figured you would be convicted on the first case involving the pawnshop.

Regardless, I did try my very best for you. We spoke of the possible defenses available but ultimately you felt that your being released with a plea deal was in your best interest. You and I spoke about it, and I also spoke with your mom and we would not have made that offer to the state otherwise.

I always thought you knew I cared about your case and that you felt satisfied with my representation. I'm sorry you are unhappy and that there is nothing else I can do to help. I wish you all the very best.

Take care.

Michelle

Thank you for your email. This is the original order of appointment you have shared.

I noticed in your notice of appeal, that you referred to me as your post-conviction lawyer. I would like to clarify that I was your trial lawyer, meaning that I handled the conviction and sentencing phase, not the post conviction portion.

While part of the role of the trial lawyer would be to file the notice of appeal, the time frame for doing so is within 30 days of disposition. The first time you contacted me after your case ended was on August 30, 2023, and it was in regard to pursuing civil action against the Sheriff.

Further, the right to appeal is waived when you enter a guilty plea unless there is an illegal sentence. The plea form you signed and that the court went over with you specifically provides, in part, that you understand that if the Court accepts your plea, that you give up:

“The right to appeal all matters related to the judgment within 30 days, including the issue of guilt or innocence, unless expressly reserved.”

If you retain counsel or the court appoints counsel to represent you, that attorney is welcome to reach out to me if needed.

I wish you all the best.

Thank you for your prompt response and clarification in this matter. I do appreciate your professionalism and would like to know if I could maybe gain a little insite from you in regards to the battle I have faced myself with.

I understand that time is money and the knowledge that you possess in these matters took a lot of self discipline, money and time to obtain. Unfortunately monetary value is something that I lack in this situation and would like to possibly offer my services as a handyman to you in trade for guidance in these matters as payment for your knowledge.

I know my family was wronged in a form of systemic discrimination by people much more powerful than I. I have put together a criminology timeline report that suggest human trafficking of of my children and AI agrees after its processed all documented

information I could provide that these criminal charges are most likely false and are a part of a cover to hide such a foul act done to three innocent children and two parents for monetary gain.

I know if I can get all this documented information to the right people who will examine it they will see a much bigger picture than that of a burglary case. Ill be facing a possible minimum guidelines of 42 years incarceration on these two appeals for the hope of saving my children's lives and finding justice for what has been done to my family.

Thank you for your time I do appreciate everything you have done for me and hope to hear from you again soon.

Best Regards,

Matthew Aaron Davis

P.S. pictures add proof to my claims as in they are motions hand delivered to clerk of court but never filed in case log.

Dear Commissioner Ron Oakley,

I hope this letter finds you well. I am writing to express my deep concerns about an incident involving an employee of our county who was falsely arrested and imprisoned by the Sheriff's Department. This situation has brought considerable distress to me and I believe it is imperative that we address it promptly.

My name is Matthew Davis employee number 12403 inactive status. Unfortunately, I have become entangled in a complex and troubling situation related to a personal matter involving the mother of my children and a law enforcement officer.

I was arrested without substantial evidence to support the charges against me and a blatant contradiction to the Castle laws in Florida. This situation appears to be influenced by personal motives and conflicts of interest, rather than adhering to the principles of justice and fairness that our community values. Such actions not only tarnish the reputation of the Sheriff's Department but also undermine the trust of the community in our law enforcement agencies.

I urge you to investigate this matter thoroughly and impartially to ensure that justice is served and that I, Matthew Davis, a representation of Pasco County is exonerated from these false convictions and credibility is returned to my name. It is crucial that we maintain the integrity of our county's institutions and hold those responsible for any misconduct accountable for their actions.

I kindly request your assistance in rectifying this situation and preventing any further miscarriages of justice. I trust in your commitment to upholding the principles of fairness, accountability, and justice within our county.

Thank you for your attention to this matter, and I look forward to a swift and just resolution.

Sincerely,

Dear Commissioner Oakley,

I hope this letter finds you in good health. I am writing to you today to express my deep concern and frustration regarding a matter that I have been attempting to address for quite some time. Being that I am a Pasco County BOCC employee and have been for 3 years now. This marks my second attempt to contact you regarding an issue of significant importance - my false arrest, gangstalking and false imprisonment. I would like to bring to your attention the various steps I have taken in my pursuit of justice.

I have recently reached out to the office of Governor Ron DeSantis and other relevant agencies, including but not limited to the FBI, NSA, Department of Civil Rights, and the Florida Department of Law Enforcement. Despite my efforts to seek resolution and clarity, I have yet to receive a satisfactory response or resolution to my situation.

In my quest for justice from gangstalking, I contacted the Pasco County Sheriff's office, specifically the Dade City Office. Regrettably, my experience with one of the officers was disheartening. When I attempted to report gangstalking I was met with hostility, and I was shockingly informed by an officer that he would not accept my report. What was even more distressing, he warned me that if I continued to speak about this issue, which is my first Amendment, he would personally threaten me with imprisonment.

Then Pasco County Sheriff did just that a few weeks later after I informed the FBI of threats and gangstalking. With a false arrest and false imprisonment. After being shot twice by a felon with a gun whom was accompanied my co-defendent at my own residence. I was arrested for aggravated assault 2 counts and imprisoned for what I believe was the purpose to gain a false conviction on a case I had been trying to go to trial on for 2 years and went threw 8 court appointed lawyers before I was imprisoned and forced to sign a guilty plea or sit in jail until I did.

During this obscure perversion of the legal system I lost my retail property, my home, my children, my vehicles, every possession I ever owned of mine and my children's, my freedom, my civil and human rights. My life was threatened with multiple physical attempts and

my children's lives where verbally threatened. This deserves national coverage.

I believe in the principles of justice, accountability, and the protection of individual rights. My experiences have left me deeply troubled and concerned about the state of our justice system. I am reaching out to you, Commissioner Oakley, as I believe you hold a vital position within our county's administration. I am seeking your assistance and intervention in addressing the injustice that I have endured discreetly or until a larger entity intervenes.

I kindly request that you investigate my case, review the events leading to my false arrest and imprisonment, and ensure that the appropriate steps are taken to rectify this situation. Justice must prevail, and the truth must be uncovered.

I appreciate your attention to this matter, and I look forward to your prompt response. My hope is that through your support, we can work towards a resolution that upholds the principles of justice and protects the rights of all citizens in our community.

Thank you for your time and consideration.

Sincerely,

Matthew A Davis

Thank you for your prompt response. I appreciate your professionalism in this matter. I understand the cost of physical paper documents as the incurred cost for materials for copying. Although I do not understand what cost can be instituted for a digital PDF emailed to me as the county is not incurring any cost. I am Pro Se on the appeals for the above referenced cases and believe I have to right to see all case files and evidence held against me without cost as per the United States Constitution. If you could please forward the documents to this email address I would greatly appreciate it Thank you for your time.
