I have written your department twice on your web page for records request. I previously notified you that I am having financial hardship and requested a waiver of fees. Also I expressed how I believe this records request would serve as a great example of how the public records request and a Brady Rule violation works to educate the general public.

Furthermore I believe I am entitled to a free copy of this record because I was the one who requested the full investigation into my questionable arrest. Please see attached.

Lastly I quoted a few lines from the Florida Statue 119 in regards to public records request and how your invoice is charging me for a public servants time while at work. The statue expresses that their can be a fee for records request for various reasons except for hourly wages of public servants and overhead cost as tax payers dollars already paid for those things.

I would appreciate your prompt response and timely arrival of my requested records as soon as possible. Thank you for your time.

Your last response informed me that it will take one hour after the 30 min waived fee mark to complete my record request and I'm being charged \$33.86 for one hour of a public servants wage (that my tax dollars pay their entire wage) to send me a electronic copy of a public record that I am entitled to a free copy of and proves my innocence in criminal matters. Regardless of tax fraud, obstruction of justice and Brady Rule violations what is the benefit of having a sheriff department to the community?

You have a system that controls people's entire lives and predicts the future that is used for personal gains not to stop crime. YOU CANT BREAK THE LAW TO ENFORCE IT!! That defeats the purpose. I'll send you \$2.50. Offers on the table.

Good afternoon,

We follow F.S. 119 when handling all public records requests. The time to review the records for redactions will take approximately an hour to complete after the 30 min that we have waived. The records will not be released until payment has been received. Please let me know if you have any further questions.

Thank you,
Emiko Sota

If you refer to my last correspondence I expressed how I am in financial hardship and requested a waiver of fees concerning this public records request. Also I believe this request would be a great example to educate the general public on how a public records request is made and processed. Also exactly what a Brady Rule Violations is, expecially because I am entitled to a free copy of this internal investigation report as I am the one who initiated the complaint and request for a professional standards investigation in writing that was signed by me and a notary republic.

Secondly, I would like to bring your attention to the Florida statue 119 in regards to PUBLIC RECORDS REQUEST from a PUBLIC SERVANT who's paycheck comes from my tax dollars. That being as it is your invoice that charges me for hourly wages of said PUBLIC SERVANT that is already being paid for by my tax dollars is tax fraud! The statue states that you can, not must, charge a fee of actual cost of physical materials as in paper and ink not to exceed \$1.00 per page. As I am receiving these documents by email there is no actual physical cost. It also states that if "out of normal everyday activities" or the hiring of added personal is required to complete the request I can be charged a added fee of cost to the department. I'm sure using a computer is not outside your "normal everyday activities" while at work nor will added personal be necessary.

Lastly I would like to express my deepest concerns for the delay, or obstruction, of justice that your department has caused me by constantly refusing me PUBLIC RECORDS that, legally, I have the right to without delay or charge. This records request was made in January of 2025 it is now May 13, 2025. I will be sending a copy of all these correspondences and correspondences from other records request where evidence of my innocence is being with held from me to my contacts within the federal government so we can ensure the general publics tax dollars are not funding the false imprisonment and persecution of free people. Thank you for your time and I ask you to show the same common courtesy in respects to my time with the prompt arrival of the documents Ive requested.

I am requesting that the fee for the Public Records I requested be waived as I am having financial hardship and I believe that this records request would serve as a great example to the general public on how the process for requesting records is properly accomplished.

Furthermore this record is the result of a investigation of a complaint (see attached) that was filed by me in regards to a personal matter of my own arrest and by law I am entitled to 1 free copy of said investigation records for my personal filings. I do appreciate the prompt response of my request that was made in January 2025 as it is now the 29th day of April 2025 and eager to file the records within my personal filings. Thank you for your time.
