**Subject: Urgent Request for Investigation into Human Trafficking, Judicial Corruption
and Unlawful Surveillance in Zephyrhills, Florida, USA**

Dear Special Rapporteur,

I am writing to formally request an urgent investigation into severe human rights violations occurring in Zephyrhills, Pasco County, Florida, USA. The violations include human trafficking, forced labor, systemic judicial corruption, unlawful surveillance, and the use of advanced technology to enslave and control innocent civilians. These actions are being carried out with the complicity of local and state authorities, particularly the Sixth Judicial Circuit Court of Pasco County, the Pasco County Sheriff's Office, and the State Attorney's Office.

Zephyrhills, Florida, is a world-renowned retirement community comprised mostly of tourists, many of whom have backgrounds in law enforcement or military service. The area's demographic makeup

makes it an ideal location for discreetly operating a system of unlawful control, trafficking, and judicial fraud.

Human Trafficking and Forced Labor

- The Pasco County judicial system is systematically separating parents from their children under fraudulent legal pretenses. Once separated, many mothers who have lost their children by unlawful means are funneled into **sex trafficking networks**, where they are further exploited and controlled.
- The victims of these operations are subjected to extreme psychological and environmental torture, forcing them into compliance with the state's control. Many are coerced into court-mandated servitude, such as probation, or manipulated into financial and legal dependence on the state.
- Those who resist face retaliation in the form of **false imprisonment, electronic harassment, and targeted abuse by law enforcement**.

Unlawful Surveillance and Psychological Manipulation

- Victims in Zephyrhills, including myself, are being **illegally monitored and tortured** using advanced investigational technologies such as synthetic telepathy and directed energy weapons.
- These technologies are being used to induce **psychological distress, compliance, and submission to the judicial system**, ensuring a steady supply of victims for the county's exploitative programs.

Judicial Corruption & Fraudulent Prosecutions

- The Sixth Judicial Circuit Court of Pasco County and the State Attorney's Office engage in **systematic legal fraud**, fabricating evidence, coercing plea deals, and obstructing due process.
- I have personally been forced into **unlawful plea agreements** under duress, denied access to legal evidence, and targeted with false charges as retaliation for speaking out.
- Law enforcement in Pasco County manipulates reports, intimidates witnesses, and deliberately frames individuals to maintain high crime rates, securing ongoing government funding.

Retaliation Against Whistleblowers & Suppression of Evidence

- I have made **hundreds of reports** to federal authorities, including the **FBI, DOJ, DHS, U.S.**

Attorney's Office, and members of Congress**, yet my complaints have been ignored, intercepted, or obstructed.

- Despite providing certified reports and physical evidence, no action has been taken.

Agencies and Officials Notified

I have sent **hundreds of correspondences** to:

- U.S. Department of Justice (DOJ) - Civil Rights Division, Public Integrity Section, Special Litigation
- Federal Bureau of Investigation (FBI) - Public Corruption & Human Trafficking Divisions
- U.S. House Judiciary Committee
- U.S. Senate Judiciary Committee
- Office of the Inspector General (OIG) - DOJ
- U.S. Department of Homeland Security (DHS) - Human Trafficking & Cybercrimes Division
- U.S. Attorney's Office - Middle District of Florida
- U.S. Senators Marco Rubio & Rick Scott
- My U.S. Congressional Representative
- Florida State Officials and Agencies

Request for Immediate UN Investigation

Due to the **lack of federal intervention**, I am seeking the **United Nations' urgent involvement** to investigate:

1. **The Pasco County judicial system's role in human trafficking and forced labor.**
2. **The use of advanced investigational technologies for illegal surveillance and control of civilians.**
3. **The trafficking of mothers who have lost their children unlawfully, particularly into sex slavery.**
4. **The fraudulent prosecution and imprisonment of innocent people in Pasco County.**
5. **The systemic suppression of whistleblowers and suppression of evidence.**

Conclusion

The situation in Pasco County, Florida, is **a severe human rights crisis that is being deliberately ignored by U.S. authorities**. Innocent people are being **imprisoned, enslaved, tortured, and subjected to extreme psychological warfare using advanced technology**. The **legal system has been weaponized to maintain a cycle of corruption, control, and human trafficking**.

I urge the **United Nations Human Rights Council** to take immediate action before more lives are **irreversibly destroyed by this organized system of judicial oppression and modern-day slavery**. I am prepared to provide **detailed evidence, testimonies, and supporting documents** upon request.

Please confirm receipt of this letter and advise on the next steps for initiating an investigation into these human rights violations.

Sincerely,

A handwritten signature in black ink, appearing to read 'Matthew', with a stylized flourish extending from the end.
