Dear Sir/Madam,

I am writing to formally request that the FBI take over and conduct an independent investigation concerning myself, Matthew Aaron Davis (ID #12403), due to serious concerns about impartiality and fairness. I am a former first responder with Pasco County, and I am currently under investigation by the Pasco County Sheriff's Office. Due to my previous position and knowledge of local law enforcement procedures, I have genuine concerns that the investigation may be compromised by potential conflicts of interest.

Additionally, I have an active internal investigation case against the Pasco County Sheriff's Office, which has raised significant doubts about the integrity of the current investigative process. I believe that impartial treatment may be undermined, and I request an independent investigation to ensure that justice is served.

During my initial investigation in Pasco County starting March 22, 2021, I received multiple threats from Pasco County Sheriff's officers. These threats, which I documented with the FBI, were ultimately carried out or attempted in a series of events that put my family in imminent mortal danger. On August 5, 2021, these threats culminated in a tragic incident that left my entire family at risk. My 3-year-old daughter sustained permanent physical damage as a direct result of this event. The severity of the harm, and the fact that these threats came from law enforcement officers, has heightened my concerns about the integrity of any local investigation.

In addition to the above, I am involved in two ongoing appeals related to two false convictions, both of which involved wrongful incarceration, threats, and physical violence by Pasco County Sheriff's officers. These events have been thoroughly documented, and I have already provided this information to the FBI in previous reports. During these incidents, my right to a fair trial was violated, and I was coerced into plea deals under duress. As these cases are under appeal, I am requesting that the FBI take charge of the investigation to ensure an objective and unbiased review of the events.

Lastly, I have a civil lawsuit pending against the Pasco County Sheriff's Office, with a Notice of Claim grace period before it is formally filed. Given the ongoing and systemic issues I have

encountered with the Sheriff's Office, I am requesting that the FBI step in to handle this matter independently and impartially.

For the sake of justice, transparency, and accountability, I respectfully request that the FBI investigate this matter to ensure that my rights, and the integrity of the legal process, are upheld. I trust that the FBI's involvement will provide the necessary oversight and objectivity in a situation where I feel local law enforcement may have a vested interest in the outcome.

Thank you for your time and consideration of this urgent matter. I look forward to your response.

Sincerely,

Matthew Aaron Davis
Former Pasco County First Responder
