**DETAILS OF INCIDENT**

**(Please provide name and contact information for any witnesses.)**

Since 2017, my family has been subjected to repeated investigations by the Department of Children and Families (DCF) based on false reports made by Thurla Janelle Eckerd. Despite every investigation clearing us, the harassment has continued.

On December 10, 2020, I was falsely arrested for domestic battery. While the charges were eventually dropped, my children were taken from my custody despite my having full legal custody. This marked the beginning of a systemic abuse of the legal system against me, Matthew Aaron Davis, a former Pasco County first responder (ID #12403).

On February 11, 2021, no formal charges were filed in the domestic battery case, yet at my first custody hearing in March 2021, I was still denied custody of my children. The court demanded that I take parenting classes, even though I had already completed nationally-approved courses. They refused to accept my certification and insisted I retake the courses through Pasco County.

On March 9, 2021, both Christina Renee Hills (my partner and mother of my children) and I were arrested for burglary, dealing in stolen property, and fraud. After bonding out on March 22, 2021, I was the only one placed under a State Attorney investigation—likely due to my custody of our children.

Christina is the granddaughter (raised as the daughter) of Thurla Janelle Eckerd, and her uncle is Dean Marshall Hills Jr., a former Army-Marine Corps General. Some members of the special investigation team handling my case previously served under General Hills. This connection has led to violations of the Posse Comitatus Act, as military personnel or tactics were improperly used in a civilian investigation against me. I, a civilian and former first responder, was subjected to investigational gangstalking and military-style operations, which is unlawful under the Act.

For over a year and a half, I refused to accept coerced plea deals, while enduring the following illegal tactics:

1. **Illegal Surveillance:** My phone, home, and online activity have been monitored without cause. Still currently occurring.
2. **Harassment:** I've been harassed publicly through coordinated efforts and choreographed acts of intimidation to instill fear and get me to leave Florida.
3. **Electronic Targeting Harassment:** I believe devices like Voice to Skull (V2K) have been used to disrupt my mental peace along with directional speakers. Also many of my emails to the Federal Government have been intercepted.
4. **Psychological Abuse:** Ongoing noise campaigns and sleep deprivation have harmed my health.
5. **Gaslighting & Entrapment:** Attempts were made to provoke me into illegal actions and undermine my confidence.
6. **Coercion & Threats:** I reported multiple threats to the Sheriff's Department and FBI, but they were ignored. Despite complying with demands, these threats were carried out, and Christina became unrecognizable after her time in custody.

These tactics, used by the Pasco County Sheriff's Department in coordination with the State Attorney, demonstrate investigational gangstalking. I filed numerous complaints with the FBI after Pasco County officers refused to act

(Continued on reverse side)

On July 29, 2022, I was arrested for aggravated assault after being shot twice while defending my property from a six-time felon. Despite being the victim, I was charged. The "Stand Your Ground" and "Castle Doctrine" laws should have protected me, but the law enforcement officers failed to intervene due to lack of due diligence. I suffered as a result of the special investigation team's actions of character assassination war tactics. This event was obviously to incarcerate me in an attempt to coerce a guilty plea and keep me from going to trial and all these events from coming to light.

These events, along with intricate family ties, reveal the motive behind weaponizing the legal system against me, and the illegal trafficking of my children, who are now in the custody of Thurla Janelle Eckerd. I have documented numerous violations of my Constitutional rights, federal laws, and the Posse Comitatus Act due to military involvement and war tactics deployed.

This is a severe case of not only derelict of duty and domestic terrorism to human traffic the children of a Pasco County First Responder, Matthew Aaron Davis, to a woman Thurla Janelle Eckerd, who has been deemed incompetent by Florida courts after a suicide attempt in Live Oak Florida and her husband Richard Eckerd who was charged and brought to trial on child molestation charges in Michigan. Who both are over the age of 75 and my 3 children under the age of 10 at time of removal. All because of military family ties the oath sworn by all officers of the law to the citizens of the United States means nothing? This was completed by a systemic weaponization of law enforcement and judicial system to terrorize a former first responder kidnap his children and human traffic them to people who have no business raising children illegally.

I will be forwarding a copy to the court house to be officially recorded.
