SUPPORT DOCUMENTS: One Probable Cause Affidavit

On 12/10/2020 at approximately 1651 hours I was dispatched to 6819 23rd Street, Zephyrhills, FL 33542 in reference to a Domestic Battery Just Occurred.

Upon arrival, I met with Matthew Davis (Offender) who was parked in his Maroon Dodge pickup truck just down the road from his residence. He advised the following: He and his girlfriend, Christina Hills (Victim) got into an argument over disputed money that was laying on the bed inside of their shared bedroom. He advised he took the money off the bed and turned around to leave which is when Christina jumped on him from behind and wrapped her arm around his neck. He then pushed her off of him which caused her to fall to the ground. She then kept getting all over him when he attempted to leave. He left the residence in his truck and returned before we arrived in order to talk to us. He advised he and Christina have two children together that were in the living room when the incident took place however they did not witness the event occur. The children, named Jace and Trey, are seven and eight years old.

I observed three parallel red marks on the front of Matthew's neck, each approximately three inches long.

I took photographs of Matthew and of the red marks on his neck and later uploaded the photos to EVIDENCE.com.

I spoke with Christina Hills who advised the following interview: She had gone out the night before to purchase something and needed to use Matthew's truck. The next morning, Matthew dropped the kids off at school and was supposed to pick up some money that she was payed. Matthew then returned home and advised her he did not have the money and he was not going to give it to her. Matthew then got upset and began yelling at her believing that she was cheating on him when she had gone out last night. He then snatched her phone out of her hand and pushed her back on the bed. She got up as he turned around and attempted to get her phone back by reaching around Matthew. As she reached around Matthew, he bit her on her right wrist leaving a bite mark. He then dropped her phone and left the house. She advised their two children were home during the incident and were in the living room. The children were unable to see anything that may have occurred however she advised her youngest child was telling Matthew to stop being mean to her.

I read Matthew Davis his Miranda Rights via my agency issued Miranda card. Post Miranda he stated the following: He had confronted Christina about where she had been the night before and about money he believed she had taken from his wallet. She was on her phone and he pushed the phone down from her face so he could look at the screen. He then picked up the money from off of the bed as he believed it to be a portion of the money she had taken from him. He then turned to walk away which is when she jumped on him from behind and wrapped her arms around his face at which point she was holding her phone in her hand. The phone was in Matthew's face when he grabbed it not knowing what it was and took it from her hands. He then backed up into a door in order to get her off of his back which did not work so he pushed her off of his back which caused her to fall to the floor. He then got in his truck to leave as she followed him all the way outside and into the truck where she continued to berate him about the money. He then backed out of the driveway and left the residence. He only returned to the area when Christina had texted him advising that the police were on the way.

It should be noted that Matthew's story was inconsistent and would change when presented with specific aspects of Christina's story.
