Honorable Judge Gregory Groger
Sixth Judicial Circuit Court in and of Pasco County Florida
38050 Live Oak Ave
Dade City, FL 33525

Dear Honorable Judge Groger,

I am writing to respectfully bring to your attention the profound injustices that have been committed against me and my family through the criminal cases filed against me currently re-opened due to a Rule 3.850 filing. I strongly believe that these charges are not only false but part of a larger scheme designed to separate me from my children, and ultimately, to traffic them to their mother's side of the family through the abuse of military and law enforcement ties.

This targeted effort has violated the Posse Comitatus Act, numerous federal regulations regarding investigations, and almost all of my civil and human rights. I would like to highlight the following facts:

Case **2020MM004755** was pivotal in removing my children from my residential custody. Even being that it was a false arrest and later dropped. This set the stage for further legal maneuvers that have systematically torn my family apart.

Case **2021CF001143** placed me under a State Attorney investigation and at the exact same time a custody battle commenced as a result of the false arrest in case **2020DR005966**, my ongoing custody battle. The timing raises serious concerns about the intent and the integrity of the process.

When I repeatedly expressed my desire to go to trial and prove my innocence in all criminal cases, particularly regarding the charges in case **2022CF003171**, that violated my bond and Incarcerated me even after attempts were made on my life. This case appears to be an effort to indefinitely incarcerate me in order to coerce a guilty plea deal. Notably, this is a case in which no victim was established, further underscoring the baselessness of the charges.

These actions seem to have one purpose: to sever my bond with my children and place them into the custody of elderly individuals with a troubling history, including allegations of child

molestation (in Michigan) and incompetency deemed by Florida courts after a suicide attempt. This is not only a grave injustice but a severe threat to my children's safety and well-being.

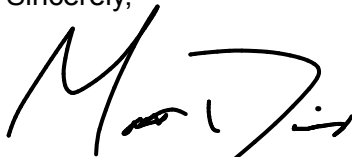

My family and I have endured relentless harassment, threats, and attacks, which I believe were orchestrated to cover up these wrongful acts. The situation has left every member of my family torn apart, with attempts on our lives being made to silence us. As a devoted father and a former Pasco County First Responder, my only desire is to protect my children and reunite our family.

Your Honor, the outcome of this case has far-reaching implications—not just for my family or Pasco County, but potentially for the nation. I am asking for nothing more than for justice to be served and for the truth to come to light where slander and lies have darkened its path. My children need their father and mother back in their lives. I implore you to carefully examine the details of these cases and the broader context in which they occurred.

The wrongs committed against my family must be corrected, and I believe that by doing so, we can prevent further harm not only to my family but to the integrity of our legal system. I trust in your commitment to fairness and justice, and I sincerely hope that you will dedicate the time necessary to right these grievous wrongs.

Thank you for your time and consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Matthew Davis', with a large, sweeping flourish extending from the end of the name.
