Please explain your complaint. Attach additional sheets, if necessary.

I am an official Pasco County Board of County Commissioners Public Works employee (12403) on inactive status not receiving a paycheck I have been targeted in Zephyrhills Florida as a tourist and being trafficked by locals to extreme poverty and false incarceration as systematic process after the illegal removal (kidnapping) of my children that is enforced by Pasco County Sheriff to keep Zephyrhills a self proclaimed retired tourist destination and keep political power in longstanding family names.

This trafficking of not only myself but by three children and significant other I believe employees restricted technology that's access is for sale by local police and used widely in the Zephyrhills area by unauthorized individuals who deploy a V2K weapon of war against permanent residents to induce Stockholm Syndrome and create a local army of unconsented unknowing slaves that is commonly known as "Going through the Trenches" or used to drive parents of children removed by the State of Florida to psychosis and incarceration which immediately removes all parental rights.

I have attempted over five times to report this to the local Zephyrhills Police Department and also to the Mayor's office and the Sheriff only to be denied equal protection, assistance or investigation into this trafficking circuit of locals I believe to be employed by the Police and compensated by. The CHIPZ program that works with and in the Zephyrhills Police Department for homeless, helping them pay their utilities payments. This program refuses me services due to my disagreement with signing over protected healthcare rights to a partnered Incorporated company to gain services from the CHIPZ 501(c) non-profit government grant funded program as this is fraud of federal funds.

I am requesting a Federal investigation into the Zephyrhills Police Departments federally funded targeting and destruction of new found family units within Zephyrhills Florida by means of local modern day slaves to law enforcement by technology. Thank you for your time.
